Hi Steven:

We need that ETH back sooner rather than later. [REDACTED] has started campaigning very aggressively about it at work and it's a big issue for us. In fact, quite a few people in our company are asking about it.

Please let us know if end of the month latest works for you. Checked the wallet address where we sent to you and most of it is still in there from what we can see. <https://etherscan.io/address>

Thanks.

So we sent over 10,000 ETH to Steve AGAIN. 30% interest. When are we going to see this back this time? 10,000 ETH + 30% interest = 13,000 ETH.

In case you guys are not watching, we need this ETH sooner rather than later. I'm thinking June 1, 2018. Please tell Steven. No more, ever again.
